

Wallsend South Public School P&C

President

POSITION DESCRIPTION

The President is elected at the P&C Association's Annual General Meeting.

The President is entitled to the same voting rights as any member. However, a President, when in the Chair, often abstains from voting to preserve the impartiality of the position. The person chairing a meeting does not have a casting vote in the event of a tied vote. In the event of a tied vote, the motion should be lost.

The President is automatically a member of all P&C sub-committees. The President should be informed of all subcommittee meetings and decisions, this would occur through written report.

An experienced President gives opportunities to the Vice-Presidents to develop their skills in chairing meetings. Federation recommends that a vice-president be delegated to chair part of a meeting. The training process could also include delegating the responsibility of sub-committee leadership to vice-presidents.

The President also has important responsibilities outside of meetings and is looked to as a leader of the parent community.

The President does not make unilateral decisions and should be mindful that all public statements accurately represent the views of the association.
